eLearning. Real-World Advantages.

Online Healthcare and IT Certification Programs

*care*Learning proudly partners with MedCerts, a leader in online healthcare and IT certification training. Their multi-faceted approach lowers the barriers of entry to 2- and 4-year universities, tailors student training to the specific skills organizations are looking for in hiring or upskilling current employees, and effectively fills workforce vacancies.

Do you need the following positions filled in the next 3-6 months? We can help with the training needs for these and more...

- ☑ Cloud Technology Professional
- ☑ Cybersecurity Analyst
- ☑ EKG Technician
- ☑ Electronic Health Records Specialist
- ☑ Health Unit Coordinator
- ☑ Information Systems Security Professional
- ☑ IT Helpdesk Administrator
- ☑ IT Security & Network Technician
- ☑ IT Support Professional
